Youth Counselor – in – Training (CIT) Program, age: 14-17

CIT Training:

Attention High School Students! Do you love Templed Hills and your Counselors? Do you love working with younger kids? Would you like to be a Camp Counselor after you graduate High School? Here is a great opportunity for you! During this half week in June you will learn about working with elementary kids including what makes them tick and some tips and tricks for success. You will also get a chance to practice and prepare for leading songs, games, devotionals, and other activities at camp. Elementary aged kids love having teenagers that they can look up to. Be a role model and make a difference in someone's life this summer. Remember to sign up for a CIT Internship. Outdoor Ministries staff will lead this session.

CIT Internship:

Be a role model and make a difference in someone's life this summer. During this session you will get to put what you learned in June into action. During the days you will be placed with an elementary aged group of campers. You will assist the counselors by forming relationships with the campers, assisting the counselors, and also taking the lead in at least one activity with the group. You will have time each day to debrief, talk about what went well and what you could do better, with a member of our leadership team. You will also spend your down time and sleep with other CIT Interns and/or High School students attending camp this week. Come to camp twice this summer
